Brief Description of Arguments to be Presented:

Applicants wish to discuss the Examiner's application of the Elliott reference. Specifically, Applicants wish to discuss the application of Elliott to the limitation of "obtaining, at the first location, information relevant to the quality of service of voice calls being transmitted from the first location to the second location via the IP network." Applicants wish to discuss the Examiner's application of the "upper threshold" example to the limitation of "accepting the new call into the IP network at the first location in the case of said parameter not exceeding an upper threshold."

An interview was conducted on the above-identified application on _____

NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP §713.01). This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
